There is nothing like having a child teach you something and this happens often. The other day in chapel one of our little 3 year old's that is typically very quiet was singing very clearly and loudly, "My God is so big, so strong and so mighty.

There's nothing my God cannot do," based on Psalm 104, which depicts Creation, praise, and glory that are owed to Him for all His wisdom and greatness in all creation working together.

Seeing her praising so loudly reminded me that when my words are few let them count and let them be spent praising my Big God who made everything and is in control, keeps His promises, always hears us, and is always there. We have nothing more important to do than model this for our little ones and this day she was modeling it for me.

Many Blessings,
Deborah Eddie, CDC Director
